## **9. Additional Information**

[24 CFR Part 903.12 (b), 903.7 (r)]

**PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan-5 years ago we adopted a number of goals & objectives-briefly we will outline the results:**

**We have maintained a standard performer status and currently have a high performer rank—we have been blessed with quality part-time employees who operate on a customer friendly basis and are fiscally prudent—our biggest obstacle is the part-time position and expected call coverage –we have improved our “curb appeal” with underground sprinkling system, tree pruning and removal, and addition of hostas We work hard at maintenance turnaround time, especially considering the fact that we do not have full time coverage—we are continually finding ways to add amenities found in higher end apartments**

**including dish washers, built in microwaves, 30" ranges, new kitchen & bath cabinetry, refrigerators with ice makers, lazy susans, ceiling fans in living rooms and bathrooms, extra phone jacks, --we try hard to compare favorably with new apartments in the area—we continue to work with providing a safe and secure environment by adding strobe smoke alarms in all bedrooms, and added exterior lighting. We have not replaced the current rural route mailbox system because of lessened tenant concern, desire and expense**  
**We have a good rapport with the closest Health and Human Resource Office located 24 miles away, we continue to serve as the county base for the commodity food program in Harlan County and either physically visit or check in on the phone regularly with the local county senior center.**

## **B. Criteria for Substantial Deviations and Significant Amendments**

### **(1) Amendment and Deviation Definitions**

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

- a. Substantial Deviation from the 5-Year Plan—we define substantial deviation as discretionary changes in plans or policies of the Alma Housing Authority that fundamentally change the mission, goals, objectives or plans of the Alma Housing Authority and which require formal approval of the Board of Commissioners of the Alma Housing Authority
- b. We define Significant Amendment or Modifications to the Annual Plan as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of our Board of Commissioners

Significant Amendment or Modification to the Annual Plan:

By Resolution, the Board of Commissioners once again will actively pursue the replacement of hot water boiler heat with what we feel will be an improved heat source. This will involve a time period of 5-10 years, the length dependent upon escalating utility rates and insurance rates as well as unforeseen vacancy/occupancy in our apartments. It will be necessary to work with the local Omaha HUD Offices to institute a schedule of replacement reserve in the annual agency plans when we can afford to do so, all dependent upon forces beyond our control. Some years we may make no progress; but we feel committed to at least beginning in this direction. The AHA Board members will

make a decision on which buildings will be done first and in what order as time goes on. At the same time we will attempt to continue to update and renovate apartments and not put all of "our eggs in one expensive basket".
